6. Treasurer's Report (Treasurer Ash Raichura)

The Chapter retained the firm of St. Arnaud Pinsent Steman of Edmonton to review calendar year 2021's financial processes and records and to prepare financial statements. The results presented were prepared by the firm and in the written opinion of the firm present fairly, in all material respects, the financial position of the Chapter at December 31, 2021, and its financial performance and its cash flows for the year then ended in accordance with Canadian generally accepted accounting standards for not-for-profit organizations. The DRAFT was just received so these are still to be approved by the Board of Directors and Treasurer.

To summarize the 2021 financial report:

Financial Position - The Chapter began fiscal 2021 with total unrestricted net assets of \$363,933 and as of December 31, 2021, had a total unrestricted net asset value of \$378,011, for a change in net unrestricted assets of a increase of \$14,078.

Statement of Operations - in fiscal 2021, the Chapter saw revenues of \$255,857 against direct costs and operational expenses of \$243,219 for a net gain of revenue over expenses of \$12,638.

Statement of Cash Flows - in fiscal 2021, the Chapter saw adjusted net cash flows from operating activities higher than expenses as well. However, given that we purchased a \$200,000 term deposit this year, a net decrease in cash of \$177,440 resulted over the fiscal year and a

cash position as at Dec 31, 2021 of \$184,640.

Ash also provided an overview of the Financials for 2022. In summary, our team's ongoing adaptation of the training courses to an online service has provided stability as we continued to operate through the COVID pandemic. Online teaching has been going very well and the conference – as you can see – is exceeding expectations!

Ash Raichura made a motion to accept the Treasurer's report, and approval of the draft unaudited 2021 financial statements presented which was seconded by Jacques Trudeau. Carried unanimously.
