

Consultants

Network, Learn, and Lead – Conference Opportunities for Waste & Recycling Consultants

Are you a consultant supporting waste management, waste diversion, landfill operations, or sustainability planning? The 2025 SWANA Northern Lights Chapter Conference (June 11–13 in Winnipeg) offers valuable opportunities to connect with potential clients, stay ahead of regulatory changes, and learn from peers in both urban and remote settings.

What's in it for consultants?

- Access to technical updates on PFAS, landfill gas systems, and leachate management
- Client case studies from municipalities, private operators, and Indigenous communities
- Opportunities to meet operators, engineers, public works leads, and directors looking for expert support
- Panels and peer discussions to share insights and build your visibility in the sector

You'll also get:

- Hands-on facility tours
- A full agenda of policy and operational topics
- A welcoming professional network that spans across provinces

Why now?

Early-bird pricing ends April 30, 2025. Register your team now to save on rates and secure access to the tours and sessions most relevant to your operations.
