about our
grants

Used Oil Materials Support Grant

Designed to improve the management of used oil, oil filters, and empty oil containers at landfills, transfer stations, and recycling depots.

Tire-Derived Aggregate (TDA) Grant

TDA is a cost-effective, environmentally friendly alternative to traditional drainage materials used in landfill leachate collection systems. Through Alberta's Tire Recycling Program, ARMA covers 100% of the production cost and partially subsidizes delivery to landfill sites.

INSPIRING A FUTURE WITHOUT WASTE

Alberta
recycling
MANAGEMENT AUTHORITY

Extended Producer Responsibility (EPR)

ARMA is responsible for the administration and oversight of the following designated materials in Alberta:

- Single-use Products, Packaging, and Paper Products (PPP); and
- Hazardous and Special Products (HSP)

EPR shifts the cost of recycling materials away from municipalities and taxpayers to the producers and manufacturers who supply those products into the marketplace.

Phase 1 of EPR launched April 1, 2025 with 94% of the population represented.

about
EPR

OVERSIGHT: EPR - PPP

INSPIRING A FUTURE WITHOUT WASTE

PPP

- Paper
- Flexible Plastic
- Rigid Plastic
- Metal
- Glass

HSP

- Batteries
- Corrosive Products
- Flammable Products
- Toxic Products
- Pesticides

3 PROs

Three Producer Responsibility Organizations (PROs) manage the logistics (collection & processing) of the system on behalf of producers:

- Circular Materials (PPP)
- Product Care (HSP)
- Call2Recycle (Battery HSP)
